## ENCHANTMENT RESORT

Enchantment Resort is situated in arguably the most spectacular canyon in Sedona Red Rock country. The drive through the high desert to the resort's remote location in Boynton Canyon, nine miles (14km) from Uptown Sedona, is part of the magic of staying in this secluded retreat. You'll share this fascinating canyon oasis with deer, coyote, javelina and cats, but don't get too close to these wild critters.
